PROFESSIONAL SUMMARY

Information Sciences student at the University of Illinois Urbana-Champaign with minors in Business and Psychology, combining hands-on AI workflow automation experience with operations management and sales leadership. Builds automated workflows with Microsoft Power Automate and SharePoint to drive AI adoption for a Fortune 500 manufacturer and scale content production. Proven ability to manage day-to-day operations, lead teams, and deliver customer-focused results in high-volume environments.

EDUCATION

University of Illinois Urbana-Champaign

Expected May 2027

Bachelor of Science in Information Sciences | Minors: Business (Gies College of Business), Psychology

EXPERIENCE

UX Design Intern | Culminate Strategy Group

Aug 2026 – Present

- Design and build automated workflows for the “Uncommon Operator” podcast, streamlining editing and automating social media posting, doubling publishing output from one to two episodes per month.
- Build AI adoption workflows for a Fortune 500 manufacturer using Microsoft Power Automate and SharePoint, automating use-case data sheets and progress tracking to replace manual data entry and improve reporting visibility.

Management Trainee Intern | Enterprise Mobility

May 2026 – Aug 2026

- Managed day-to-day operations at one of the busiest branches in the Chicagoland area, coordinating reservations, fleet logistics, and vehicle availability to meet high customer demand.
- Drove branch revenue through consultative sales, upselling vehicle upgrades and protection products to exceed sales goals.
- Delivered exceptional customer service and resolved escalations in a fast-paced environment, supporting customer satisfaction (ESQi) targets.
- Built business relationships with local dealerships, body shops, and insurance partners through business development calls and visits.

Business Consulting Intern | Culminate Strategy Group

May 2025 – Aug 2025

- Secured a new business lead by pitching a strategic solution to a prospective client.
- Supported consulting projects through market research, analysis, and client communication in a fast-paced environment.

Prep Cook | Panda Express

2025 – May 2026

- Mastered front- and back-of-house operations within one week; maintained safe, organized workstations while multitasking in a high-volume kitchen.

Crew Member / Certified Trainer | Chipotle Mexican Grill

Jan 2023 – Aug 2025

- Led shift teams and managed grill operations at one of the highest-grossing locations in the state, consistently exceeding performance expectations.
- Trained and coached new and existing crew members as a certified trainer, improving team skills and consistency.
- Increased closing efficiency by approximately 20% through improved workflow and task prioritization.

PROJECTS

Katalyzzr – Interactive Prototype App | Coursework & Culminate Strategy Group

2026 – Present

- Building an interactive prototype for a talent-matching platform that connects exceptional (“unicorn”) hiring managers, interviewers, and candidates operating at the self-actualization level of Maslow’s hierarchy.
- Applying product design, rapid prototyping, and psychology principles to create a user-centered hiring experience.

Python Photo Mosaic | Personal Project (GitHub)

- Wrote a Python program that sorts images by base color to compose a larger mosaic image; published a tutorial walkthrough on GitHub.

LEADERSHIP & ACTIVITIES

Social Chair | Illini Ridgebacks Quadball Team

Jan 2024 – Present

- Plan and lead events that boost community engagement, coordinate logistics, and strengthen team collaboration; previously managed team funds and budgeting.
